Welcome to the [Daisy](#)¹ community wiki. This is a place where everyone (yes, that includes you) can edit and contribute.

To get edit access to this area, simply register and send a simple mail to the Daisy mailing list requesting editing access (include your Daisy login in the message). We will then enable edit access for you as soon as possible. Note that this Wiki is intended to contribute docs. To try out Daisy, see the [online Daisy demo](#)².
